

# Use of SVN

1. Download and install the program *Tortoisesvn* from <https://tortoisesvn.net/downloads.html>
2. Create in your PC a directory. Select the directory and with the right mouse button select *SVN Checkout*. Our SVN link is <http://svn.ego-gw.it/svn/AdVSqueezing>
3. In order to download the last TDR version in your PC: Select the directory in your PC and with the right mouse button select *SVN Update*. In this way the last version of the TDR will be loaded in your PC.
4. In order to send the your updated TDR version in the SVN. Select the directory in your PC and with the right mouse button select *SVN Commit*

**SVN keeps track of all the old TDR versions**

Once again select the directory with the right mouse button and select tortoiseSNV and ....try

TDR pdf file

Main TDR Latex file

## SVN capability

- Authors may include the updated TDR versions that will be immediately available to the working group.
- Recommendation to authors: enter as soon as possible the part of the TDR that they have written.

## SVN Policy (to be decided today)

- All have access to read and download the TDR document.
- Currently the upgrading can only be entered by Fulvio, Pierre-Francois and Jean-Pierre.  
In the future by
  - a) The main writers of the TDR chapters.
  - b) Every body in the workin group.

## New SVN users with write permission

Sheon Chua: [sheon.chua@lkb.upmc.fr](mailto:sheon.chua@lkb.upmc.fr)

Martina DeLaurentis: [martina.delaurentis@na.infn.it](mailto:martina.delaurentis@na.infn.it)

Luca Naticchioni: [luca.naticchioni@roma1.infn.it](mailto:luca.naticchioni@roma1.infn.it)

Enrico Calloni: [calloni@na.infn.it](mailto:calloni@na.infn.it)

Romain Gouaty: [romain.gouaty@lapp.in2p3.fr](mailto:romain.gouaty@lapp.in2p3.fr)

Valeria Sequino: [sequino@roma2.infn.it](mailto:sequino@roma2.infn.it)

## Rules for the uses of SVN (proposal)

1. For all user: **The document (TDR) is not for circulation.**
2. For writers: **The only user allowed to write a specific chapter is the main writer.**
